COLLEGE PROFILE

It is a matter of great pride that our college has got 32nd rank in National Institution Ranking frame work, MHRD, Government of India, there by placing us amongst the top 50 institutions in the country. This could not have been possible without the consistent mentoring of the predecessors and the commitment of the faculty since the inception of this college.

Nestled in a sprawling campus of approximately 18 acres in the southern part of the 'City Beautiful', the college has, indeed, matured from a sapling into a mighty oak. From a modest beginning in 1982 with 300 students and 14 faculty members, today, the college has emerged as an all-encompassing multi-faculty institute with student strength of 4035.

The college offers 51 courses (UG and PG) with 381 subject combinations in Arts, 13 in Science, Honours in 13 Arts/commerce subjects & Post Graduations in 14 subjects. The college also offers dual degree in the form of graduation with an added option of 9 Add- on Courses.

Academic flexibility for vertical movement is available within the programs in some specified courses like English, Public Administration, Sociology, Political Science, Information Technology, Zoology, Botany, Microbial Biotechnology and Commerce. Four self-financing programmes i.e. BCA, M.Sc. (IT), PGDCA and M.Sc. (Microbial-Biotechnology) are also offered by the college.

Excellence in term of academics, sports, extra - curricular and infrastructure has been possible due to the constant endeavour of the Chandigarh Administration, RUSA and UGC in providing us with State of the Art infrastructure, funding and other appropriate facilities. The credit also goes to the dedication of highly qualified 120 faculty members which include 62 Ph.Ds and 26 M.Phils, under the able stewardship of Prof Binu Dogra, who facilitate effectual teaching and multifaceted development of the students.

Two of the members of the college faculty have been elevated to the post of Professors, taking the number to 9. One of our faculty members is both a Syndic and a Senator, while 39 of the faculty are members of the Board of

Studies of Panjab University. Another 7 are added members of different faculties of PU, Chandigarh & one is of University of Rajasthan, Jaipur and ISS University, Mansarovar, Jaipur.

About 120 non-teaching members provide assistance in the smooth functioning of the college. It gives me immense pleasure presenting before you all, the highlights of the activities and accomplishments of the institution during 2015-16.

Towards Holistic Development

The college endeavours to imbibe holistic education so as to prepare the students to meet the challenges of life. Holistic education is based on the principle that students find identity & purpose in life by connecting to the community, nature & humanitarian values. The purpose of holistic education is not only to prepare students for academic success, but also to enable them to meet the challenges of life as a whole (learning about themselves, about healthy relationships, about social responsibility, compassion, collaboration rather than competition etc)

By using real-life experiences, current events, the finer arts and audio/visual aids to substantiate textbook information, the students are encouraged to explore and discover their potential and latent talents. As holistic educators, we must respond to the learner's inquisitive mind with a sensitive understanding of the environment that he or she is maturing in. To fulfill this purpose, we have four NSS Units, NCC (Army Wing) and various clubs, cells, societies and associations actively functioning in the college. Youth Adalat

- *A forum Of the Students, For the Students and By the Students*
- Launched seven years ago, held every Friday, Youth Adalat is now an integral part of the functioning of the Women Cell. It is a novel initiative which provides a platform to young girls to openly discuss and deliberate on shared experiences of the trials and tribulations of their everyday lives. It further empowers them to find solutions by discerning strategies within their socio-economic, socio-cultural locale.
- The whole process of conducting the Youth Adalat is formulated in a manner where the participation and involvement of the students is inclusive. There is a jury comprising of three members (students) who listen to the deliberations and analyse the discussion and highlight strategies at the end of the session.
- The girls bring forward incidents / cases they or others have encountered; current happenings or social cultural practices which pressurize them. A wide range of issues are brought to the forum. They range from harassment on the streets, buses / scooters / abusive language / sexual harassment / sexual

bullying on social media / stalking and rape, incidents of broken relationships to strained parent-children relationships and domestic violence. The dimensions and scope of the deliberations and the strategies discussed are progressive and sensitive. We can see them gradually move out of their subdued reticent moulds to talking in an uninhibited manner- relating to each other and networking. This then leads to group cohesiveness; empathizing and taking pro-active action to uphold their dignity and rights. The transformation and confidence building along with concrete information has helped them to approach appropriate authorities for redressal.

- The main challenge is to prod them to overcome inhibitions and bring the 'private to the public domain' – encouraging them to break the silence about the negative feminine stereotype connotations.
- The response and engagement of the students has been so overwhelming that we have been able to continue the process and sustain it. Ours is the only institution which has an open forum of this kind. The partnership with Sanjha Jagori(NGO) has been very meaningful and we have been able to take process forward with a gender justice approach.
- The very fact that this initiative has been sustained with the consistent presence and participation of students is an evidence of success.

Alumni Association

- The 'Ambassadors' Alumni Association conducts regular interaction between the alumni & our college students since 2007-08 in the "Alumni Interaction week".
- A college website www.gcg42alumni.in has been prepared by our alumni team in which BCA department has played an instrumental role. This furthers the cause and motto of our alumni association-- Deeper the roots, higher the flight.
- *THE AMBASSADORS (Alumni Association)* is an open group on Facebook where a novel effort has been made to initiate debates and discussions on social issues. Some alumni respond enthusiastically on a regular basis.
- *We are now a registered Alumni Association w.e.f. 20/10/2015*
