1. Aim of the Policy

Covid-19 pandemic and lockdown has brought about a sense of fear and anxiety around the globe. This phenomenon has led to short term as well as long term psychological, social and health implications for college students. The quality and magnitude of impact on students is determined by many vulnerability factors like pre-existing health conditions, or being quarantined due to infection or fear of infection.

There is a pressing need for planning longitudinal and developmental studies, and implementing evidence based elaborative plan of action to cater to the psycho -social and mental health needs of the vulnerable children and adolescents during pandemic as well as post pandemic. The aim of this policy is to provide measures for developing healthy mechanisms during the pandemic and post pandemic to cope with the situation.

2. Objectives

The Covid-19 policy adopted by the college is based on the following beliefs:

- To make arrangements on campus to ensure that Covid-19 Protocols & SOPs are followed.
- To organize Covid-19 testing and vaccination camps in the college.
- To resolve the student issues related to academics, examinations, admissions etc. during the pandemic.
- To provide human resource and infrastructural support to Chandigarh Administration whenever required.
- To collaborate with Local Health Authorities, networking with Government, NGOs, and Civil Society Organizations during the pandemic.
- To organize various activities and workshops for creating awareness about Covid-19 pandemic among all stakeholders of the college.
