## **SUPPORT SYSTEM**

RUSA, UGC, New Delhi; Panjab University, Chandigarh and Dept. of Higher Education, Chandigarh Administration are our major support systems.

In addition, our college Administrative Branch, Examination Branch, Hostel and Library work in close confluence and ensure smooth running of the college.

## **RUSA (MHRD) GRANT**

- Funding from RUSA enabled the college to establish a Research Lab in Life Sciences. The lab, which is one of its kind among the Chandigarh colleges, provides state-of-the-art research lab facility to PG and Ph.D. students in college. The research lab provides all facilities like testing equipment, library and other relevant material under one roof. It also has a projector to demonstrate/ present relevant scientific content to the stakeholders. The lab is being extensively used by the research scholars and PG students to carry out their research work in a conducive environment.
- The installation of the lift in the IT block is a step towards making our entire campus differently abled friendly. There was no provision for a ramp or a Lift in this building. However, with timely intervention by RUSA and the efforts made by the engineering department of Chandigarh administration, this ambitious project has now become a reality. It is pertinent to mention here that two of our B. Com students are differently abled and since the commerce department is on the third floor, they will be direct beneficiaries of this facility once the classes have resumed post covid 19.. The lift will also enable easy movement of men and material especially during university and competitive exams.
- The day care centre at PGGCG-42, Chandigarh established under the aegis of MHRD (RUSA Scheme) provides a congenial and conducive environment for growth and development of the children of students and staff. Ever since its inception, the Day Care centre has facilitated working mothers and students with kids to pursue their work and studies respectively, while their young ones spend quality time in a safe, healthy, and conducive environment within the four walls of the college. It ensures security and safety and has an open-door policy, allowing and welcoming parents to visit and observe their children at any time. The fully equipped play room is covered with safety mats and is bright and colourful. There is also an ante room where children can take a nap. The centre is well equipped with all the necessary paraphernalia required for quality child care. It also has a fully furnished kitchen and a washroom. Day care centre offers full day, half day care and before/after school services. It's a

cheerful place where children get an opportunity to mingle with peers and learn and play together.

- Mini Conference room: To cater to the academic and co-curricular needs of the students and the faculty, a mini conference room has been renovated and equipped with state-of-the-art infrastructure. Funds provided by RUSA have been instrumental in equipping this mini conference room with high definition projector and screen, WIFI facility, designated podium for the resource persons and comfortable sitting capacity of 86. This facility will help us organize various workshops, seminars and conferences in a conducive environment where interactive sessions, group discussions and other related activities will be successfully conducted. Moreover, it will facilitate student presentations viz-a viz viva, seminars, documentary screening, OJT presentations etc. by the students which is an integral component of their academic curriculum.
- RUSA has made an immense contribution in refurbishing college hostel mess and serving area by providing liberal grants to undertake this renovation. The college hostel mess is now totally modular with steel fittings and worktop and a separate washing area. To further enhance its ventilation a huge vent fitted with a high-power exhaust machine has been installed which does not allow the fumes to pollute the kitchen and the serving area. All these facilities have added to the hygiene quotient of the college hostel mess making it one of the best in 'The City Beautiful'

### **ADMINISTRATIVE OFFICE**

We have a fully automated office which has dedicated and committed administrative staff led by Mrs. Rawail Kaur. The services of the Administrative staff are an integral and indispensable part of the functioning of the college and a fully computerized office has made the working of the Administrative Branch better organized and more efficient.

### **LIBRARY**

The college has a fully air-conditioned, fully-automated, RFID Enabled & user-friendly library. A separate reading room for students provides conducive environment for learning. The library has a very rich collection of 43256 books, subscribes to 22 Journals, 52 Magazines, and 15 Newspapers. Library also maintains a database of PU Syllabus and old Question Papers.

Being a member of DELNET and NLIST-INFLIBNET, it has an access to 6000+ journals, and 1,64300+ eBooks. Jaws software and Daisy player is in place to assist the Print Disabled users.

### **INFRASTRUCTURE**

- RFID System with LIBSYS Software,
- 5 terminals for internet surfing for students,
- 8 terminals for Staff,
- 4 Printers,
- CCTV Cameras,
- TV, Kiosk, and Web OPAC

Library Services include Circulation Services, Readers Advisory Services, Reference Services, Information Literacy Services, CAS/SDI Services, Internet facility to Access Digital Resources, training to use e-resources, orientation program for library use, Newspaper clippings service, plagiarism check service etc.

### **Best practices:**

- A book donation corner - Leave a Book - Take a Book.
- A paper donation corner where one can drop one-sided used paper, which is further used to make spiral binding notebooks and notepads.
- Wisdom Tree Library Club.
- Library Related Competitions, Wall Magazine, Book Exhibitions, Library Webinars and Workshops, Storytelling, Poetry Reading, and many more.

### **READING ROOM**

## **EXAMINATION BRANCH**

The college examination branch is a confidential section with the responsibility of smooth conduct of Mid-Semester exams, University Examinations and competitive Exams for all the UG & PG courses on the basis of which internal assessment is calculated and Annual Prize Distribution is held. 4 Examination centres are allotted for Semester Exams. Also, various competitive examinations of National and State repute are assigned to the college by the Chandigarh Administration from time to time. Some of the important entrance examinations worth mentioning here are Civil Services, NDA, PCS, HCS, CET, BSRB, RRB, IB, SLIET, MES, and UGC etc.

Our College is amongst the first few colleges which has adopted Panjab University's Examination Appointment Project Online. Registrar Examination has been appointed as Nodal officer for this project. The Principal can login and recommend the names of the members of the faculty to be appointed as examiners, Centre Superintendents & members of the flying squad. Each faculty members have been allotted a Unique ID Number.

It is pertinent to state that College Examination Branch is equipped with BIZHUB-German make Printing Machine for printing of confidential papers etc. and Examination Branch members take extra pains to do this job which helps to save Govt. funds to the extent of 40%. Revenue from other sources such as disposal of used answer sheets is generated from time to time for improving exam infrastructure.

With the initiative of Registrar Examination branch, list of students who have topped in university exams has been prepared to guide and motivate intelligent students. College Examination work has been successfully web-interfaced with PU-VPN for handling editing, deleting, querying, viewing and printing reports which has substantially reduced paper work. Instead of using conventional examination form, the college has updated online examination - form submission in semester system. Communication gateway mechanism has been efficiently introduced for online submission of internal Assessment in undergraduate and post graduate classes.

## **HOSTEL**

Following infra structural enhancements have been done:

- A new hostel building to accommodate about 350 students is almost ready.
- White wash of one wing of the hostel has been completed.
- The process of replacement of net doors and windows of the hostel rooms has been completed.

---

## **LABORATORIES**

The college has thirty-nine laboratories in the subjects of Botany, Chemistry, Physics, Zoology, Bio-Technology, Microbiology, Bioinformatics, Computer Science, BCA, Functional English, Video Studio, Functional Hindi, Geography, Psychology, Fine Arts, Dance, Music Vocal and Instrumental, cosmetology and Home Science. These labs are equipped with all relevant items as per University norms. The college also has a dedicated research lab for life sciences.

## WOMEN CELL

This is an awareness and capacity building program, initiated especially for the young students of the college, with an endeavour to promote a holistic growth. The idea then is to be: 'KNOWING OURSELVES and BUILDING OURSELVES'.

The objective of the program is to:

- Enable the girls to participate in the process of **decision making**.
- Facilitate them, in the process of **Identity Formation and Personality Development**
- Encourage them to develop a feeling of **Self-Worth**.
- **To build confidence** by encouraging them to discover their capabilities and potentials.
- To develop a **positive self-image** responsive to contributing to society.

## NCC

The college has one NCC Unit (Army Wing). In the session 2022-23 fresh enrollment of 45 cadets makes a total strength of 107 cadets. Mrs. Amandeep Kaur is the in charge of NCC Unit.

Cdt. Payal Pathania was the Commander of the Girls contingent in Republic Day Parade held at sector 17,CHD.

Unfortunately, growing inequalities are becoming increasingly evident in the context of digital skills and access to technologies. Did you know? It is estimated that only 63 percent of women use the internet, compared to 69 percent of men. Women hold just 22% of positions in artificial intelligence. More than a third of women using the internet had personally experienced online violence. Women are being left behind as the result of this digital gender divide. The need for inclusive and transformative technology and digital education is therefore crucial for a sustainable future. Our lives depend on strong technological integration: attending online courses, communicating with friends and family, making bank transactions, or booking accommodation, making appointments. Everything</p>
