

Post Graduate Govt.College for Girls,Sec-42,Chandigarh

PRESS REPORT

Extension lecture was organised by Department of Mathematics, P.G.G.C.G. 42, Chandigarh on the topic "Operation Research – Importance, history and Scope" in Mini Conference Room on 28th February 2024. Dr Mona Narang, H.O.D. Department of Mathematics, D.A.V. College, Sector 10, Chandigarh, was the key note speaker . Prof Nisha Aggarwal, Principal, P.G.G.C.G. 42, Chandigarh extended a green welcome to Dr. Mona Narang. Operations research (OR) is a field of study that uses mathematical models, statistical analysis, and optimization techniques to help make better decisions and solve complex problems in various areas such as business, engineering, healthcare, logistics, and more. It is also known as management science or decision science. The primary goal of operations research is to optimize processes and resources to achieve the best possible outcomes. . Lecture by Dr. Mona Narang was very informative and students queries were also addressed. Dr Urmila Rani, Head of Mathematics department gave vote of thanks.
