## **TOWARDS HOLISTIC DEVELOPMENT**

The college endeavours to imbibe holistic education so as to prepare the students to meet the challenges of life. Holistic education is based on the principle that students find identity & purpose in life by connecting to the community, nature & humanitarian values. The purpose of holistic education is not only to prepare students for academic success, but also to enable them to meet the challenges of life. They are taught to learn about themselves, about healthy relationships, about social responsibility, compassion, collaboration rather than competition.

By using real-life experiences, current events, the finer arts and audio/visual aids to substantiate textbook information, the students are encouraged to explore and discover their potential and latent talents. As holistic educators, we must respond to the learner's inquisitive mind with a sensitive understanding of the environment that he or she is maturing in. To fulfill this purpose, we have four NSS Units, NCC (Army Wing) and various clubs, cells, societies and associations actively functioning in the college. A detail of their activities during this session is given below:

## VISION

However, the vision of the college as a self-sufficient institution will remain unfulfilled until earnest measures are taken to meet some of our long pending demands. These include:

- The construction of the new six- storey hostel block.
- Extended parking area & Underground parking
- Construction of Performing Arts block
- 400 mtrs synthetic track
- To strive towards improved grading in NAAC and NIRF so as to achieve Brand excellence.

This vision can be realized only with the continued support of Chandigarh Administration.
