In today's competitive globalised world, future employers seek individuals with these increased skill levels, making these talented students more sought-after in the job market. #### TOWARDS HOLISTIC DEVELOPMENT

The purpose of holistic education is to prepare students to meet the challenges of living as well as academic-learning; to maintain healthy relationships and inculcate pro-social behavior. Holism fosters collaboration rather than competition in classrooms. By using real-life experiences, current events, the dramatic arts and audio/visual aids in place of textbook information, teachers kindle the love of erudition in young people. As holistic educators, we must respond to the learner's inquisitive mind with a sensitive understanding of the environment that he or she is maturing in. To fulfill this purpose, we have four NSS Units, NCC (Army Wing) and various clubs, cells, societies and associations actively functioning in the college.

A detail of their activities during this session is given below.

#### **NSS**

In this session, 460 students enrolled themselves as volunteers in the four units of NSS. 6 volunteers attended adventure camps at the national level and 16 volunteers attended other camps at state level. Shelly of BAI represented the girls NSS contingent of the North region at Republic Day Parade at Raj Path, New Delhi. She is presently attending another Adventure Camp from 21<sup>st</sup> February to 3<sup>rd</sup> March, 2013 in Arunachal Pradesh.

Harsharan has been overall Student -in -charge of Seven Day Special Camps. She attended Winter Adventure Camp in Jaisalmer, Rajasthan in session 2011-2012. She has won many prizes in extracurricular activities and is a member of Student Council. Because of her consistent contribution and achievements, she has been adjudged The Best NSS volunteer of 2012-13.

#### **NCC**

The college has one NCC unit (Army Wing) with 114 cadets enrolled in the session 2012-13. The NCC cadets participated in various activities during the session like Blood Donation Camps, rallies held to generate awareness regarding Female Foeticide, Drug Abuse among Youth, Cancer Awareness etc. Their exceptional achievements are enumerated here:

Our NCC Contingent has been adjudged the second best contingent during Republic Day Parade at Parade Ground, Chandigarh.

Cadet Pooja Khatri participated in Republic Day Parade at Rajpath, New Delhi in 2013, won All India Platoon Commander Award & also participated in Prime Ministers' Rally at New Delhi. She was also declared the Best Turned Out Cadet during the Annual Training Camp.

Cadet Pooja Khatri was adjudged the best NCC cadet of session 2012-2013.

Our cadets have also actively participated in the Disaster Management Mock Drill conducted by Chandigarh Administration. They are the official escorts of the Chief Guests and Dignitaries during all functions and remain instrumental in maintaining discipline in the various functions of the college.

#### **ALUMNI ASSOCIATION**

The college held Alumni Association interaction sessions wherein all the departments invited their distinguished alumni to interact with the final year students. In these informal interactive sessions, various issues relating to career options, procedures for applications to postgraduate classes, scope etc. were discussed at length. Emphasis was laid on honing communicative skills, computer skills and how to conduct oneself during interviews. Most alumni highlighted the importance of reading newspaper regularly. The alumni encouraged their younger

friends to participate in public speaking events such as debates, declamations and paper reading contests to improve confidence and communicative skills.

THE AMBASSADORS(Alumni Association) is an open group on Facebook where a novel effort has been made to initiate debates and discussions on social issues. Some alumni respond whole heartedly on a regular basis.

#### **ENVIRONMENT SOCIETY**

'SRISHTI' -- the Environment Society of the College, celebrated 'Rajiv Gandhi Akshay Urja Diwas' with Energy Conservation Campaign & spread the message through posters, slogan writing, essay writing and 'One Suggestion on Energy Conservation' contest. Van Mahotsav was observed in the college by planting 'TRIVENI' in the Botanical Garden. More than 30 saplings of medicinal plants were planted by the principal and staff. The students also interacted enthusiastically with members of NGO---Parayavaran Vridhi. A rally with a mission of 'ANTICRACKER AND POLLUTION FREE DIWALI' was carried out. To celebrate 'Wild Life Week' a visit to the Chhat Bir Zoo was undertaken.

#### AIDS AND HEALTH AWARENESS SOCIETY

The AIDS and Health Awareness Society has been actively involved in organizing activities for spreading AIDS awareness. The society comprising 390 members organized Extension Lectures on nutrition for adolescent girls, motivational eye donation & blood donation campaigns, Poster Making & Slogan Writing Competitions and integrated Health Education Seminar.

# WOMEN CELL AND GENDER EQUITY AND NON-DISCRIMINATION SOCIETY

The emerging need of present times necessitates girls to be aware, make informed choices and develop self-worth. This year Women Cell organized highly interactive, energetic and participatory activities to generate awareness and sensitize girls towards gender biased and discriminating society. The major focus has been on teamwork, cooperation and positive approach. One such venture was a workshop in collaboration with India Alliance for Child Rights on the theme "Revisiting Our Culture" to mark SAARC Day of The Girl Child which was organized on 8<sup>th</sup> December, 2012. The workshop sent a clear message that it is important to create a society free from violence and discriminatory practices. As part of its Safe City Campaign, and in support of the global movement 'One Billion Rising', Chandigarh Police and our college brought to the students and the public on 10<sup>th</sup> January, 2013 Women with Broken Wings-- an emotive musical performance by renowned danseuse Dr. Mallika Sarabhai and pianist Elizabeth Sombart. A five Day theatre workshop "Awareness - Breaking the Silence"- was also organized to train the students to discover 'themselves' and break the shackles. The society organizes youth Adalat every Friday to address the issues related to the youth.

#### **VISION**

This session, we have introduced the facility of Online Submission of Admission forms in eleven subjects. The new facility has streamlined the admission procedure, making it more convenient and technologically approachable. This academic endeavor of the college is first of its kind in all affiliated colleges of the Punjab University. It will create a data base of the students and will guarantee transparency in merit based admissions. From the coming session we will be adding more courses to the programme.

A number of lectures, seminars, and workshops were held during the session wherein the faculty and students could update their knowledge & interact with the best minds on the national & international circuit.

In an initiative by Chandigarh Administration to revisit the course syllabi, our college was entrusted with the responsibility of reassessing & revising the syllabi of 7 subjects in collaboration with other colleges of the city, the report of which was forwarded to the administration for consideration & further action.

The college has submitted a proposal to the Chandigarh administration for the creation of the Chandigarh Biotech Mission (CCBM) and Innovation and Entrepreneurship Development Cells (IEDS) in the Biotechnology dept. of every college. This would make the Biotech students 'job creators' rather than 'jobseekers'.

Sensitive to the need of the environmental conservation, our college has installed Bio Fuel stove in the hostel mess to optimize LPG usage. This is first of its kind in any of the Chandigarh colleges.

However, the vision of the college as a self-sufficient institution will remain unfulfilled until some more facilities like

- A new Hostel Block
- Advanced Science Block
- Swimming pool
- Extended parking area
- Underground parking
- Additional housing units for non-teaching staff are not added to the existing infrastructure.

As teachers our objective is to focus on instilling moral values and strong work ethics in our girls so that they mature into good human beings. It is our duty to hone them into responsible & conscientious citizens who will contribute to the society and be assets to the Nation. The recent escalation of crimes against women has put an added responsibility on us teachers to sensitize our girls towards the gender-bias inflicted upon them and train them to stand up against it.

Yes, there should be focus on excellence in academics but education also means the cerebral, emotional, cultural and societal growth of a person. In the ultimate analysis, education is not just about how to make a living but also about how to live and live with dignity!

Every year I look back with great pride at the achievements of our students who are involved in so many aspects of college life. I congratulate each one of you who will be receiving prizes today. I also felicitate your teachers and your parents. You are our –TORCH BEARERS- and I hope that you will keep striving towards excellence. So, set your goals high, and don't stop till you get there.

I thank you all for attending this prestigious function of the college. The brilliant results and splendid achievements of our students signify the ultimate goal of this ceremony. I feel proud to be a part of this college and to be here to honor the brightest young sparks of our college. These prizes are a tribute not only to the winners but also to the parents and the institution that has created the right environment to nurture their exceptional talents. I once again congratulate all the prize winners and wish them still greater success in life!

And last, but not the least I express gratitude to my staff; you are a dedicated, hardworking team. I appreciate your expertise, your support and encouragement of our students.

Thank you.
